## Rockwool - Bridgend

### ABOUT

The Rockwool site in Bridgend is circa 26,000m<sup>2</sup>, the site started producing in 1979 and is the UK's leading manufacturer in sustainable non-combustible stone wool insulation.

Nautilus engaged with Rockwool via a traditional tender process in 2017 for phase 1 of a multi phase site refurbishment programme, such is the relationship we built with the client we have gone on to deliver all subsequent phases of the project. In 2021 we have taken on a further 4 roof areas as the final phase of the contract.
